

Shaktiman **Manure Spreader**

Effortless Uniform Manure Spreading

Increased Productivity-
spreading manure over large areas

Uniformity -
Even distribution of manure across the field

Labour Savings-
Reduces the amount of manual labor

Time Savings-
Completes the task in less time compared to manual methods.

Versatility-
Can be used for different types of manure and field conditions

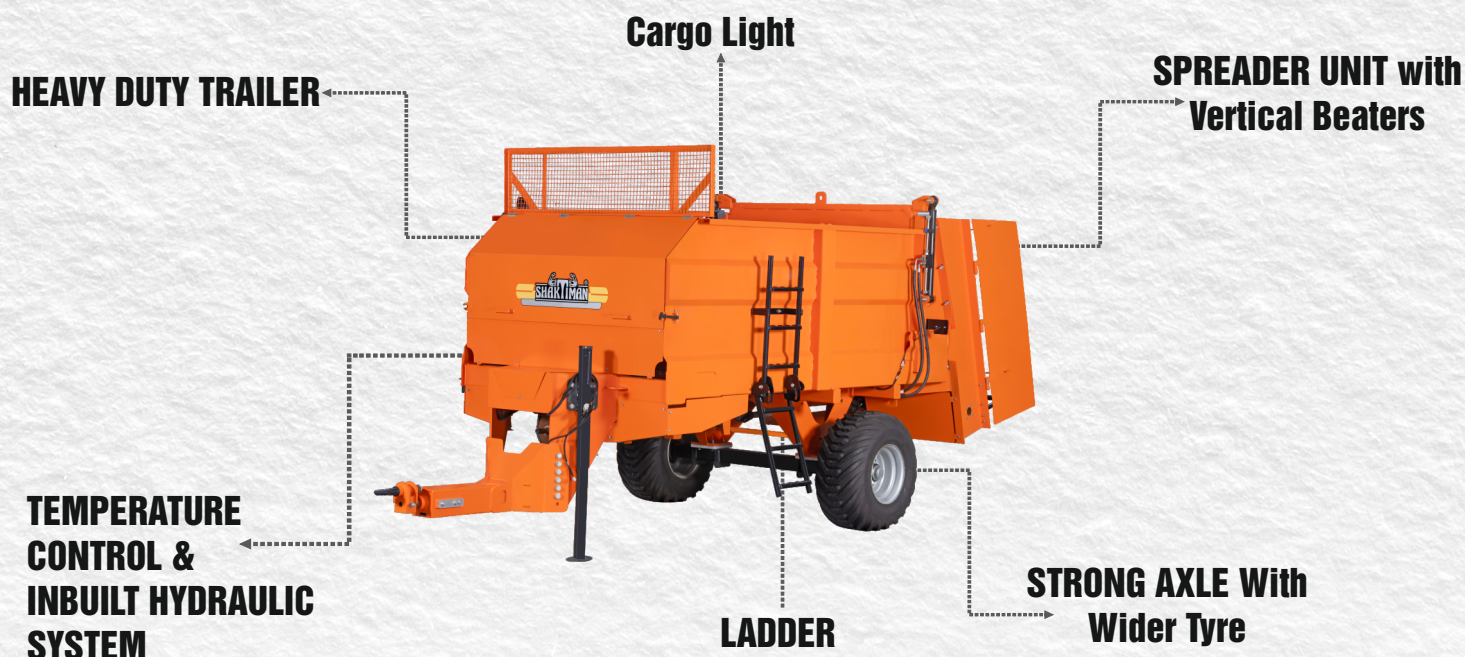

Cost Saving-
Overall this combination makes manure spreaders a smart investment

Shaktiman

Manure Spreader

Effortless Uniform Manure Spreading

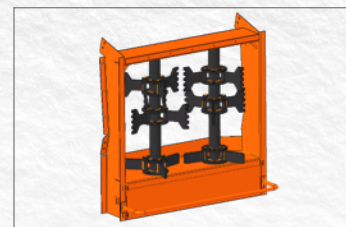

Technical Specification

Parameters	UOM	Specification
Weight	Ton	4
Overall Length	M	5.5
Overall Width	M	2.2
Overall Height	M	2.6
Tractor Power	HP	50 & Above
Tank Volume	m ³	3.3
Material Loading Capacity	Ton	4
Type of spreader	-	Vertical Beaters
Working width	m	15
No of Augers/Beater	Nos	2
Drive For Spreading Unit	-	From PTO
Hydraulic Oil tank Volume	L	90

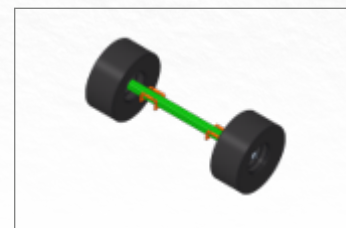

Heavy Duty Trailer - Designed to with stand rigorous use and carry substantial loads
Larger Storage Capacity - 3.3

Spreader Unit - Specially designed for efficient and dependable material handling & spreading
Vertical beaters - Provide quality spreading performance for a wider variety of dry&wet materials

Temperature Control - It can manage hydraulic oil temperature more effectively.

Strong Axle - Provides enhanced load-bearing capacity

Wider Tyre - Reduces soil compaction, which is critical for maintaining soil structure and fertility
