Total Mixed Ration (TMR) wagon is a machine which enables weighing, mixing and blending all feed stuffs into a complete ration and distributing it directly to dairy animals which provides complete and balanced food to meet the daily requirements.

SHAKTIMAN TMR is the commercially tested from Central Govt., FMTTC institute, Assam, having one of the best mixing index above 0.65.

Advantages

- All forages, grains, protein supplements, minerals and vitamins are thoroughly mixed by TMR.
- SHAKTIMAN TMR mixture feeding enhances the metabolism of the cattle thus increases the milk production around 10-18%.
- It increase palatability, which reduce issues of sorting & dusting by animals. Ultimately zero wastage of fodder.
- It eliminates requirements of daily 5-7 labours, hence, saves around Rs.30,000/- per month.
